 **Welcome to Kilbirnie School Wikispace!**

Have you been on to our school wikispace yet?

Before you go any further....check out the 'Rules' page!

Do you know what a wiki space is?
A wiki space is a web space that groups of people (like us!) can share, create and edit together!
To add stuff to our wiki - **you will first need to become a member - send a message to Miss Rhodes**

KILBIRNIE SCHOOL WIKISPACE

We have had so much fun exploring our school wiki space. One of the biggest things that we learned is that we have to carefully read things, before we click on them!

Literacy

Our wikispace has a literacy page. What is your favourite game, story or puzzle that you can find from these sites? Perhaps you could put some games on there yourself that you enjoy playing? Don't forget to read carefully before you click!

Numeracy

Our wikispace has a numeracy page on it. Lots of children have already added their own games. Can you find one of these games to practise at home. Don't forget, you can always use the school computer if you need to.

WHOOOPS! Miss Rhodes made a big mistake, despite, much hard work and careful checking, I gave you the wrong address for the wiki on your first homework. Please accept my apologies. The correct address is below. I look forward to all your great ideas!
